

Turnaround Times & Rush Order Fees

Turnaround times for apparel decorating vary greatly based on a variety of factors. Factors that contribute to turnaround times include print method(s), garment type(s), number of print locations, size of the design(s)/stitch counts, order quantity, location the blank garments are sourced from, artwork quality, weather, holidays, etc. AVERAGE standard turnaround times are 5-7 business days. Some orders will be done quicker, others will take longer. For example, screen printing 12 white t-shirts we have in stock with black ink is MUCH faster than ordering 200 hoodies from California that get a DTF design on the front chest, an embroidered sleeve, and individual name and numbers on the backs. Similarly, 20 hats you supply that have a 2500 stitch count design are much faster to complete than 100 hats coming from Texas that need 15K stitches on the front & 3K stitches on the back. Having "print-ready" artwork helps speed up the process. **If you have a hard deadline, please reach out to us with the specific order details BEFORE submitting the order.** Sorry, we cannot accept all orders or meet all deadlines. **Timing is based on either: 1. Date the order is paid (if ordering garments from us); or 2. Date the blanks are received (if garments are customer-supplied).** If we can accept the order, the following Rush Fees apply to orders needed within 4 business days.

Rush order fees only apply to artwork & decorating costs, not on garments. Days refer to our business days, not calendar days.

Same Day(<4 hours): 3X Same Day(>4 hours): 2.5X Next Day: 2X 2 Days: 1.5X 3 Days: 1.25X 4 Days: 1.1X

Blank Garment Information and Pricing

If you supply your own garment(s), **WE ARE NOT RESPONSIBLE FOR THEM.** If an error (human/mechanical/other) is made on our end we will NOT reimburse you for garments not supplied by us, but we *may* reprint a garment you resupply us. The policies you sign when setting up an account cover this in more detail. All bags & labels should be removed (\$.35 fee per tag/sticker/bag requiring removal). We may require an extra garment for testing purposes. We do not inspect outside garments for defects prior to decorating like we do with our shirts. Garments should be brand new (not washed, worn, & free from stains). For decorating errors: if you buy a product or service from us, we cover it; if you do not purchase from us, we do not. Blank apparel catalogs can be found on our website (www.aplusimages.com). Contact us for a quote (style/color/size needed).

ALL PRICING LISTED IS PER IDENTICAL FILE, PRINT METHOD, COLOR, DESIGN SIZE, etc.

Changing any one of these options resets the quantity discounts. Ten one-offs is not the same as ten identical prints.

We require .pxf or .dst files for embroidery. Poorly digitized files are subject to surcharges. We can digitize files if you cannot provide one. Basic digitizing is \$35 for up to 15,000 stitches, and \$1.50 per 1K stitches for designs over 15k stitches. Advanced digitizing is \$10 per 1K stitches. A sewout is included when we digitize your file. ADD ONS: Add \$0.20 per 1,000 stitches for metallic thread. Add \$3.25 per patch if ≤ 16 sq inches. Patches > 16 sq inches must be custom-quoted. Add \$3.00 per patch to apply to garment. Add \$4 per area for puff. Add \$0.75 per embroidered area if water soluble stabilizer is required (EX: microfleece, towels, beanies, blankets, etc.). Add \$1.50 per cap. Add \$1.50 per area for difficult to hoop garments (wrists of long sleeve shirts, pant legs, odd locations w/ interfering garment features (like tags, pockets, and zippers), etc.).

Orders require 100% prepayment, unless garments are customer supplied. If garments are customer-supplied, up to 50% down may be required to start. The balance is due at pickup. We accept credit & debit. We do not offer terms.

Pricing is subject to change at any time. Visit www.aplusimages.com/price-lists for current pricing.

Artwork Charges

All pricing is based on "print-ready" artwork. An artwork charge will apply if we have to create, improve, resize, or recolor your art. Artwork charges are \$90/hr (\$10.00 min). Viewing/responding to non-print-ready art is subject to a \$5.00 charge per image. Learn more at www.aplusimages.com/services on how to create print-ready artwork for each decoating method.

Direct-to-Garment (DTG) Pricing

It is **STRONGLY** recommended you review our website before submitting orders requiring DTG printing. Quality printing depends on it!

While pretty much any file that can be opened in Photoshop can be printed using direct-to-garment technology, the guidelines, file setups, and limitations listed on our website are necessary to follow for optimal results and proper pricing.

Pricing for all DTG printing is per location. All print pricing includes pretreatment.

Notes About Epson F3070 DTG Printing

1. This method of DTG printing is only recommended for select 100% combed-cotton ringspun shirts in select colors. Our picks: Black and white G640/G640B
2. For the most accurate color, design files in RGB format, at 300 dpi, in the size you want them printed. Export them in PNG file format. Our RIP software has been color-profiled, but will not be a perfect match to PANTONE colors. Files created in CMYK mode or using PMS colors will be less color accurate than RGB.
3. When printing on black shirts, we **may** remove the black from the design. This allows the print to look like it comes out of the shirt, making the print look amazing. This only works when with files made in RGB mode where the code for black is (0/0/0). Other codes for black are "dark grey" & not removed.
4. You will see a heat press box on completed shirts. This washes out.

Notes

Our standard polybag is a 1.5 Mil clear 12" x 15" bag. Stickers can be customer-supplied or ordered from us.

Orders require 100% prepayment, unless garments are customer supplied. If garments are customer-supplied, up to 50% down may be required to start. The balance is due at pickup. We accept credit & debit. We do not offer terms.

Pricing is subject to change at any time. Visit www.aplusimages.com/price-lists for current pricing.

Direct-to-Film (DTF) Transfers

Direct-to-Film (DTF) transfers are the newest craze in the apparel decorating industry. We sell transfers and also decorate apparel using DTF transfers. DTF transfers are the best choice for printing full color images on polyester & blends instead of using DTG, which is designed for 100% cotton. Transfers bond to most apparel, but not all apparel can withstand a heat press. Visit our website for more details.

There is a \$30 per order & \$1.25 per transfer minimum on all DTF orders!

Designs can be combined to hit the \$30 per order minimum, but only identical designs apply to quantity discounts.

	Quantity						
	1-4	5-10	11-20	21-40	41-65	66-100	101+
Price per square inch	\$ 0.12	\$ 0.10	\$ 0.09	\$ 0.08	\$ 0.075	\$ 0.07	\$ 0.065

Above pricing is for transfer sheets only.

Add \$4 per print area to apply transfers to flat areas (front and back of t-shirts).

Add \$5 per print area to apply transfers to non-flat areas (sleeves, pockets, hats, onesies, etc.)

Screen Printing (Pricing is per print location) 12" x 15" max print area

We mainly offer 1 color screen printing on cotton or cotton/poly blends of t-shirts. White, Red, Black, & Vegas Gold ink are stocked for 100% polyester garments. We do not screen print on fleece, nylon, vinyl, etc. Two-color screen printing will be offered on a case-by-case basis, depending on the design and our production schedule. For most jobs, we require vector art for screen printing. For multiple print colors, DTG, DTF, or screen printed transfers (priced on a case-by-case basis) may be a better option.

Stock colors: Black, Green, Forest Green, Light Gold, Metallic Gold, Metallic Silver, Vegas Gold, Navy, Orange, Passion Pink, Purple, Red, Royal, White									
Flash necessity depends on shirt/ink color combo chosen. In general, light ink on dark shirts is flashed, dark ink on light shirts is not.									
For less than 12 shirts, pricing will be at the 12-18 amounts, plus a \$35 setup fee.						Add \$1.50 per print for long sleeve prints.			

Artwork Proofs & Mockups

There is a large difference between artwork proofs & mockups. Artwork proofs are images of the design/artwork. Mockups are images of the design(s) simulated on products. The following bullet points explain what we do & don't do in regards to proofs and mockups.

- If you have us create the artwork, we will send a copy of the print-ready file for your approval before production begins.
- If we digitize a design for embroidery, we will send you a photograph of an actual sewout for approval before production begins.
 - It is important to understand that colors you see on your screen are not exactly the same as the actual results.
 - If you supply print-ready artwork, there isn't anything for us to send that is more realistic than what you sent us.
- If a virtual mockup is required, it is \$15 per decoration area. The mockup should be treated as a ROUGH guide only. It will not be accurate to color, size, or placement on most items. The reason for this? Shirt sizes vary greatly. The shirt used in the mockup is unknown, and a 4" wide design doesn't look close the same on youth small shirt as it does and adult 5XL. Providing a mockup on one unknown shirt size falsely represents how the bulk of the order will look. This is why we do not recommend mockups.
- The exception to our mockup policy is when same-sized, hard-good promotional products are ordered. Pens, cups, tumblers, etc. will not vary by size & a mockup will be a quite accurate (though not perfect) representation of the final product. Mockups are included in these items.
 - What we recommend instead: Printing your design out in it's actual size, cutting it out, and laying it on top of various shirt sizes.
- **If you need exact, life-like proofs, the only way to obtain this is ordering a sample. This is done at the 1 piece price.**

Orders require 100% prepayment, unless garments are customer supplied. If garments are customer-supplied, up to 50% down may be required to start. The balance is due at pickup. We accept credit & debit. We do not offer terms.
