

## Turnaround Times & Rush Order Fees

Turnaround times for apparel decorating vary greatly based on a variety of factors. Factors that contribute to turnaround times include print method(s), garment type(s), number of print locations, size of the design(s)/stitch counts, order quantity, location the blank garments are sourced from, artwork quality, weather, holidays, etc. AVERAGE standard turnaround times are 5-7 business days. Some orders will be done quicker, others will take longer. For example, screen printing 12 white t-shirts we have in stock with black ink is MUCH faster than ordering 200 hoodies from California that get a DTF design on the front chest, an embroidered sleeve, and individual name and numbers on the backs. Similarly, 20 hats you supply that have a 2500 stitch count design are much faster to complete than 100 hats coming from Texas that need 15K stitches on the front & 3K stitches on the back. Having "print-ready" artwork helps speed up the process. **If you have a hard deadline, please reach out to us with the specific order details BEFORE submitting the order.** Sorry, we cannot accept all orders or meet all deadlines. **Timing is based on either: 1. Date the order is paid (if ordering garments from us); or 2. Date the blanks are received (if garments are customer-supplied).** If we can accept the order, the following Rush Fees apply to orders needed within 5 business days. **Rush order fees apply to products & primary decorating costs, but not art, digitizing or add-on fees.**

Days refer to our business days, not calendar days.

Same Day: 2X   1 Day: 1.75X   2 Days: 1.6X   3 Days: 1.45X   4 Days: 1.3X   5 Days: 1.15X

## There is a \$20 minimum order for all products/services.

## Blank Garment Information and Pricing

If you supply your own garment(s), **WE ARE NOT RESPONSIBLE FOR THEM.** If an error (human/mechanical/other) is made on our end we will NOT reimburse you for garments not supplied by us, but we *may* reprint a garment you resupply us. **The policies you sign when setting up an account cover this in more detail.** All bags & labels should be removed (\$.35 fee per tag/sticker/bag requiring removal). We may require an extra garment for testing purposes. We do not inspect outside garments for defects prior to decorating like we do with our shirts.

Garments should be brand new (not washed, worn, & free from stains). For decorating errors: if you buy a product or service from us, we cover it; if you do not purchase from us, we do not cover it.

Blank apparel catalogs can be found on our website: [www.aplusimages.com](http://www.aplusimages.com). Contact us for a quote (style/color/size needed).

## Artwork Proofs & Mockups

Artwork proofs are "print-ready" images of the design/artwork. Mockups are images of the design(s) simulated on products. The following bullet points explain what we do & don't do in regards to proofs and mockups.

- If you have us create the artwork, we will send a copy of the print-ready file for your approval before production begins.
- If we digitize a design for embroidery, we will send you a photograph of an actual sewout for approval before production begins.
- It is important to understand that colors you see on your screen are not exactly the same as the actual results.
- If you supply print-ready artwork, there isn't anything for us to send that is more realistic than what you sent us.
- A mockup is included with your quote. The mockup should be treated as a ROUGH guide only. It will not be accurate to color, size, or placement on most items. The reason for this? Shirt sizes vary greatly. The shirt used in the mockup is unknown, and a 4" wide design doesn't look close the same on youth small shirt as it does on an adult 5XL. Providing a mockup on one unknown shirt size falsely represents how the bulk of the order will look. To get an accurate idea of how your logo/design will look on a shirt, we strongly advise printing out your logo at different sizes, cutting them out, and placing them on clothing sized similar to what is being ordered.
- Mockups for hard-good promotional products are much more realistic. Pens, cups, tumblers, etc. will not vary by size & a mockup will be a quite accurate (though not perfect) representation of the final product.
- What we recommend instead: Printing your design out in it's actual size, cutting it out, and laying it on top of various shirt sizes.
- **If you need exact, life-like proofs, the only way to obtain this is ordering a sample. This is done at the 1 piece price.**

## Services

**ALL PRICING LISTED IS PER IDENTICAL FILE, PRINT METHOD, COLOR, DESIGN SIZE, etc.**

Changing any one of these options resets the quantity discounts. Ten one-offs is not the same as ten identical prints.

**Visit [www.aplusimages.com/services](http://www.aplusimages.com/services) for more information on each print method and artwork file setup guides.**

Orders require 100% prepayment, unless garments are customer supplied. If garments are customer-supplied, up to 50% down may be required to start. The balance is due at pickup. We accept credit & debit. We do not offer terms.

**Pricing is subject to change at any time. Visit [www.aplusimages.com/price-lists](http://www.aplusimages.com/price-lists) for current pricing.**

Designs over 78,000 stitches will be quoted on a case-by-case basis. We require .pxf or .dst files for embroidery. Poorly digitized provided files are subject to surcharges. We can digitize files if you cannot provide one. Basic digitizing is \$50 for up to 15,000 stitches, and \$1.50 per 1,000 stitches for designs over 15k stitches. Advanced digitizing is \$12 per 1,000 stitches (\$50 minimum). A sewout is included when we digitize your file. ADD ONS: Add \$0.25 per 1,000 stitches for metallic thread. Add \$3.25 per patch if ≤ 16 sq inches. Patches > 16 sq inches must be custom-quoted. Add \$3.25 per patch to apply to garment. Add \$4.50 per area for puff. Add \$0.75 per embroidered area if water soluble stabilizer is required (EX: microfleece, towels, beanies, blankets, etc.). Add \$1.50 per cap. Add \$1.50 per area for difficult to hoop garments (wrists of long sleeve shirts, pant legs, odd locations w/ interfering garment features (like tags, pockets, and zippers), etc.).

Sublimation Transfers									
Paper Size	Nickname	Printable Area	Quantity						Price Per Sheet
			1	2-6	7-12	13-18	19-24	25+	
8.5" x 11"	Letter	8" x 10.5"	\$ 5.00	\$ 4.50	\$ 4.00	\$ 3.50	\$ 3.25	\$ 3.00

<b>Laminating Additional Protection</b>			

## Direct-to-Film (DTF) Transfers

Add \$4.00 per print area to apply transfers to flat areas (front and back of flat shirts).

Add \$5.00 per print area to apply transfers to non-flat areas (sleeves, pockets, hats, onesies, etc.)

You may see a heat press box on completed shirts. This washes out.

If your design has transparencies, we will run it through a special RIP software that converts the transparent areas to halftones. This is a dot-pattern effect similar to one used in screen printing. This helps fade out the design in the transparent areas. If we do not do this, the print will not come out well.

DTF transfers will bond to most fabrics; however, some fabrics do not work as well with heat presses as others (such as polyester fleece).

Sizes in grey are unlikely to be used as the maximum recommended print size is 14" x 18" (252 sq in) -- for a 16" x 20" heat press.

**DTF Gang Sheets: Sold by the linear foot (33" wide): \$12 per ft.**

### Artwork Charges

All pricing is based on "print-ready" artwork. An artwork charge will apply if we have to create, improve, resize, or recolor your art. Artwork charges are \$90/hr (\$10.00 min). Viewing/responding to non-print-ready art is subject to a \$5.00 charge per image. Our website has guides for each decorating method that list what file types are required for that method.

## Direct-to-Garment (DTG) Pricing

It is **STRONGLY** recommended you review our website before submitting orders requiring DTG printing. Quality printing depends on it! While pretty much any file that can be opened in Photoshop can be printed using direct-to-garment technology, the guidelines, file setups, and limitations listed on our website are necessary to follow for optimal results and proper pricing.

**Pricing for all DTG printing is per location. All print pricing includes pretreatment.**

### Size Key and Examples

Size Category	1	2	3	4	5	6
<b>Image Size (in sq in)</b>	up to 24 sq in	24.01-80 sq in	80.01-120 sq in	120.01-168 sq in	168.01-252 sq in	>14" wide OR >18" tall
<b>Size</b>	4" x 6"	8" x 10"	10" x 12"	12" x 14"	14" x 18"	16" x 20"
<b>Examples</b>	2" x 12"	6" x 13"	8.5" x 14"	9" x 18"	12" x 15"	15" x 19"
<b>Product Examples</b>	Short sleeves, tags, masks, left & right chest prints	Onesies, small tote bags, toddler shirts	Youth & Adult shirts, large tote bags	Adult Shirts	Adult Shirts	2XL+ Adult Sizes Only

### Epson DTG Surcharges (See website for full details)

Add \$5.50 per print if the long sleeve pallet (4" x 18") is required.
Add \$3 per short sleeve print.
Add \$2 per print if the wrap around pallet is required
Add \$2 per print if the zip-up hoodie pallet is required
Add \$3 per print if a garment doesn't lay flat on a pallet
Add \$2.50 per area for additional pretreat on shirts with a > 6oz/yd fabric weight For precision placements (such as on or above a pocket where exact location matters) add \$3.00 per print area

### White Shirts (Color Ink Only) or Black Ink

### Notes About Epson F3070 DTG Printing

1. This method of DTG printing is only recommended for select 100% combed-cotton ringspun shirts in select colors. Our picks: Black and white G640/G640B
2. For the most accurate color, design files in RGB format, at 300 dpi, in the size you want them printed. Export them in PNG file format. Our RIP software has been color-profiled, but will not be a perfect match to PANTONE colors. Files created in CMYK mode or using PMS colors will be less color accurate than RGB.
3. When printing on black shirts, we may remove the black from the design. This allows the print to look like it comes out of the shirt, making the print look amazing. This only works when with files made in RGB mode where the code for black is (0/0/0). Other codes for black are "dark grey" & not removed.

4. You may see a heat press box on completed shirts. This washes out.

5. If your design has transparencies, we will run it through a special RIP software that converts the transparent areas to halftones. This is a dot-pattern effect similar to one used in screen printing. This helps fade out the design in the transparent areas. If we do not do this, the print will not come out well.

Orders require 100% prepayment, unless garments are customer supplied. If garments are customer-supplied, up to 50% down may be required to start. The balance is due at pickup. We accept credit & debit. We do not offer terms.

**Pricing is subject to change at any time. Visit [www.aplusimages.com/price-lists](http://www.aplusimages.com/price-lists) for current pricing.**

## Screen Printing

Quantity	Number of Colors

2000+	\$ 1.30	\$ 1.60	\$ 1.95	\$ 3.05	\$ 3.40	\$ 4.50	\$ 5.30	\$ 1.60

For areas in yellow, look at DTG or DTF as an alternative (depending on design size & fabric)

Pricing above includes screen & film charges.

When printing on colored garments with light colors, add an additional color for a base white.

\*Seven colors only possible on white shirts.

**In order to achieve the highest quality printing possible, we flash between each color we print. This prevents ink from bleeding/spidering from one color into another.** Due to our press size and flash count, we can only print 2-3 colors per rotation. Therefore, jobs with more than 3 colors take 2 or 3 rotations to complete (2X-3X long to print), which is why the cost per print jumps more between 3 and 4 colors and 5 and 6 colors.

### ADDITIONAL FEES

**Add \$20 per color change**

**Add \$28 per color for PMS color matching**

**Add \$1.00 per long sleeve or pant leg print**

**Add \$0.80 per print for digital black underbase**

**Add \$0.45 per item for fleece**

**For screen printing orders <12 pieces, add \$35 per color**

**Add \$0.75 per item for puff or nylon**

Adult 5XL

This shows a design size of 8.5" x 11" on actual shirts.

## T-Shirt Vinyl

### Colored T-Shirt Vinyl (cut on on 24" Roland cutters)

#### Standard Vinyl (Siser EasyWeed/Ultraweed)-For cotton, polyester, cotton/poly blends, and leather

Stock EasyWeed colors: Black, Bubble Gum, Cardinal, Flo Green, Flo Orange, Flo Pink, Flo Yellow, Gold, Green, Green Apple, Grey, Lemon, Lt Pink, Navy, Orange, Pale Blue, Passion Pink, Purple, Red, Royal, Silver, Sky Blue, Sun Yellow, Turquoise, Vegas Gold, & White. Additional colors can be ordered.

Item	Description	Size	Price (ea)
Custom Name 2" Tall	Custom name (14" max width) - Standard Vinyl	2" tall	\$ 8.50
Custom Name 3" Tall	Custom name (14" max width) - Standard Vinyl	3" tall	\$ 9.00
Custom Name (2" tall) & Number (6" tall)	Custom name & number (standard youth) - Standard Vinyl	2" tall/6" tall	\$ 12.00
Custom Name (2" tall) & Number (8" tall)	Custom name & number (standard adult) - Standard Vinyl	2" tall/8" tall	\$ 12.50
Custom Name (3" tall) & Number (8" tall)	Custom name & number (standard adult) - Standard Vinyl	3" tall/8" tall	\$ 13.00
Custom Number 2" Tall (1 or 2 digits)	Custom number - Standard Vinyl	2" tall	\$ 6.00
Custom Number 3" Tall (1 or 2 digits)	Custom number - Standard Vinyl	3" tall	\$ 6.50
Custom Number 4" Tall (1 or 2 digits)	Custom number - Standard Vinyl	4" tall	\$ 7.00
Custom Number 5" Tall (1 or 2 digits)	Custom number - Standard Vinyl	5" tall	\$ 7.50
Custom Number 6" Tall (1 or 2 digits)	Custom number - Standard Vinyl	6" tall	\$ 8.00
Custom Number 7" Tall (1 or 2 digits)	Custom number - Standard Vinyl	7" tall	\$ 8.80
Custom Number 8" Tall (1 or 2 digits)	Custom number - Standard Vinyl	8" tall	\$ 9.00
Custom Number 9" Tall (1 or 2 digits)	Custom number - Standard Vinyl	9" tall	\$ 9.50
Custom Number 10" Tall (1 or 2 digits)	Custom number - Standard Vinyl	10" tall	\$ 10.00

For other vinyl designs a quote needs to be obtained by sending in a vector file. Price equals: length of vinyl (\$4.50/ft) + time (\$90/hr) + \$3.00 per heat press hit (\$6.00 minimum). Blank vinyl is available at \$4.50 per foot.

#### Glitter Vinyl (Siser Glitter)-For cotton, polyester, cotton/poly blends, and leather

Stock Glitter colors: Aqua, Black, Black Gold, Black Silver, Blush, Cherry, Copper, Gold, Grass, Hot Pink, Jade, Lavender, Old Gold, Purple, Red,

Custom Name 2" Tall	Custom name (14" max width) - Glitter Flake Vinyl	2" tall	\$ 10.50
